

Elevate your practice with A-dec® and KaVo®.

A-dec delivery systems accommodate a wide range of KaVo handpieces, as well as KaVo air- and electric-powered motors. Choose from convenient starter packages for easy integrated solutions with your A-dec delivery purchase. Stepping up to the best has never been so simple!

With a single A-dec touchpad as your control center, you can easily access your KaVo handpieces and electric motors, as well as ultrasonic instruments, curing lights, dental lights, and other technology. Devices that once required separate boxes, additional wiring, or cumbersome tubing can now be neatly integrated.

It's a smart, efficient, and more streamlined way to practice.
